

Beaugaloo Buddies

Meet an unlikely mix, a family of friends:

- **Puppy Fish** is a different type of animal—half dog, half fish—much like a doggie mermaid, with a huge heart full of compassion.
- A one-eyed, patch-wearing pony named **Captain Danny**. Even with his vision disability his desire to help others with his kindness abounds.
- A side-walking **Cranky Crabby Crab**, with a mood disorder, who always wants to go play. Despite his crankiness and whining, his friends show patience and kindness.
- **Sunny**, the monkey, pushes the limits with his pranks. Sunny receives understanding and forgiveness from his friends for his antidotes.
- **Hokey** and **Pokey**, the sea gulls, bring stability to the group of friends with gratitude and love for their family of friends.
- **The Beaugaloo Buddies** will help teach your child kindness, forgiveness, and gratitude toward others.
